Deb - IFLS

John Wisneski - SCLS?

Reasonable amount of time - 30 minutes, a week to finish

Who is the audience? ILS administrators or catalogers? How do we account for systems having 5 people filling out to the survey vs. one.

Adding the vendor expectation with brief inquiries. "Could you manage a union discovery layer for the entire state?"

What would be required to prepare for that?

Historical Information: History of cataloging in your area. Centralized? Cooperative?

What to do with order records?

What to do with serials.
