

23.02.20 Meeting notes

Meeting recording: https://youtu.be/xbuSOX_WQZE

Focus group recap -

Discovery layer statewide - seems like a big task.

Systems are doing this so differently. Some systems using GMD's still. Some systems using automation to improve processes. Discovery layers have requirements that cause differences.

Low hanging fruit - inclusive subject headings, if we could all agree

General local headings and genres

NACO training - Feb. 21

Next meeting date: March 14 at 10am
