February 14, 2024 2:00pm

Recording link: <https://youtu.be/ReZOmpEztHQ>

## Updates:

- 1) **Bib Record Analysis** - Lindsay from La Crosse Public Library
  - a) Book on CD
    - i) 020/024- extra ISBNs not being deleted, or multiple versions (retail- Blackstone vs. library editions) purchased, possible cleanup of ISBNs? Libraries seem to have their own procedures when handling multiple entries
    - ii) 245 \$h - recommendations for GMD or GMD use, too hard to standardize since often goes by discovery layer/system needs
    - iii) 264 4- not many used it for audiobooks compared to the print versions
    - iv) 306- most of us are using in audio records
    - v) 5xx- 500/538/588 fields as current recommendations go
    - vi) 655 7- Audiobooks genre term used by almost everyone, none for sound recording
    - vii) Subject terms- were pretty similar whether print or audio
    - viii) Would be nice to see in youth materials if children-specific subject headings or regular subject headings used for records.
  - b) Style Guide Setup meeting- volunteers: Rosa M., Lisa P., Jackee J., Amy G., Ann P.?, Rebecca D., Jen S.
- 2) Wiscat
  - a) Is there a test version to play with settings for bib retrieval?
  - b) Would changing the order of first matches to ISBN first, then title, OCLC number, SkyRiver number, ISRN number, Publisher help in grouping results?
    - i) Joy P. will check with Autographics about these questions. To her knowledge, no known WISCAT sandbox. Will ask about rationale for order of access points in matching results.

## New Business:

- 3) Grant updates
  - a) Possible LSTA 2024/2025 grant cycle? Current project in 2<sup>nd</sup> year.
  - b) Group brainstorming ideas for future of project: continue work of this group, improve discovery for users, continued training (MARC Edit use), continue to create and improve documentation and best practices for cataloging, improve database maintenance practices, improving authority work
  - c) Shared website draft: <https://wicatalog.org/>+, provided by LEAN WI partnership (IFLS, WVLS, Northern Waters Technology Partners)
- 4) **Future [topics to address](#)** : feel free to add if you have things on your mind
  - a) Just a quick reminder of parking lot for ideas in Google folder.
- 5) **Local Practices: Subjects and Genres**
  - a) Is there a library that would like to take on the comparison for this project? We can use grant funds for this.
  - b) Are these on system websites?

- c) Collect [here](#)
  - i) Jen S. will ask at MCFLS, if there is interest in helping with this sub-project.
- 6) AI produced materials: how are you handling?
  - a) Similar to counterfeit materials, pirated, bootleg. New policy for purchasing to avoid? AI narration in Audible now careful with Amazon orders, sharing information to avoid AI for patron data? Good possible WLA collection development session.

**Standing Business:**

**7) Round Robin**

- a) What's new that you would like to share with the group?
  - i) Some libraries are adding Tonies to their collection (for more information, <https://us.tonies.com/>). How are libraries cataloging this format?
    - (1) Some using sound recording, audio players, or audio-enabled figurine, others using kits or equipment, library of things because of it being a 3-D object and depending on bundle of items for checkout. Annual state report list as audio or as other format?

**Next Meeting Date & Time:** Wednesday, March 13, 2024 at 2pm
